SureColor SC-T3400N

Epson SureColor SC-T3400N:

Clean design
White, compact and fits most environments.

These inks don't run
It uses UltraChrome XD2 pigment inks which means your prints are smudge and water resistant (whereas standard dye inks may run). Also, the SC-T3400N delivers deep blacks and crisp, dense lines — ideal for technical graphics.

Supports wireless printing
Enables users to print directly from smartphones or tablet devices.

Seamless paper changes
Change seamlessly between LFP roll and sheetfeed as this printer supports up to A1 cutsheets as well as rolls.

Peace of mind
Unique Nozzle Verification Technology (NVT) helps prevent misprints.

Accuracy and precision
Print technical, architectural and engineering drawings in great detail, with ease.
