

KDock-1

USB-C Hub Multiport Adapter

KDock-1 is a USB-C hub multiport adapter specially designed to support mobile devices and is an ideal accessory for MacBook, laptops equipped with USB type-C, smartphones, and tablets. KDock-1 enables you to connect your USB-C device to an HDMI™ video output, USB 3.0 port, and USB-C charging pass-through.

Note: Video output for smartphones is supported only for smartphones that support DisplayPort Alt mode through USB-C
