

## Western Digital® microSD™ to SD™ Card Adapter

Empower more smart video applications for your WD Purple™ microSD™ cards with the Western Digital® microSD to SD™ card adapter. Ideal for commercial video surveillance and smart video, the adapter allows you to use your WD Purple microSD card where advanced function, AI-capable, and ultra-high resolution cameras require a full-size SD card. Just plug the WD Purple microSD card into the adapter, and then place the adapter into the SD card slot of SD-compatible cameras and systems. The full functionality of the microSD card is supported, including features such as card health monitoring (in compatible cameras) and a built-in write-protect switch to help prevent accidental data loss.

Western Digital's flash storage devices are used in a wide variety of applications, including consumer and commercial video cameras, dash cams, video surveillance, and many others. The combination of performance, capacity, and endurance provided by Western Digital's purpose-built microSD cards allows these cards to meet the specific needs of the target use-case and application. In the commercial video surveillance and smart video market, where advanced function, AI-capable, and ultra-high resolution cameras require a full-size SD card, this adapter allows you to use our WD Purple microSD card which is purpose-built for surveillance and smart video.

The Western Digital microSD to SD card adapter is fully compliant with SDA standards and supports UHS-I host interfaces. The microSD to SD card adapter is compatible with WD Purple microSD cards and comes with a 3-year limited warranty.<sup>1</sup>

### Product Highlights

- Gain extra flexibility for your WD Purple™ microSD™ cards with SD™ card compatibility
- Ideal for commercial video surveillance and smart video applications requiring a full-size SD card
- Built-in write-protect switch can help prevent accidental data loss
- Supports full microSD card functionality, including features such as card health monitoring (in compatible cameras)
- The adapter is fully compliant with the SDA standards and supports UHS-I host interfaces
- Get peace of mind with a 3-year limited warranty<sup>1</sup>

## Specifications

Product	
Name	Western Digital® microSD™ to SD™ Card Adapter
Category	microSD™ Card Accessories
Part Number	WDDSDADP01
UPC Code	718037889436
Interface	SD™, SDHC™ and SDXC™ compatible
Minimum Order Quantity	100
Physical Dimensions	
Length (in./mm)	1.25/32
Width (in./mm)	0.94/24
Height (in./mm)	0.08/2.1
Reliability/Data Integrity	
Compatibility	Compatible with WD Purple™ microSD cards
Security	Built-in write-protect switch helps prevent accidental data loss
Limited Warranty (years) <sup>1</sup>	3-year limited warranty
Environmental Specifications	
Temperature	
Operating Temperature <sup>2</sup>	-13°F to 185°F (-25°C to 85°C)
Non-operating Temperature <sup>3</sup>	-40°F to 185°F (-40°C to 85°C)

<sup>1</sup> See support.WesternDigital.com for regional specific warranty details.

<sup>2</sup> Operational temperature is measured by an on board temperature sensor.

<sup>3</sup> Non-operational storage temperature does not guarantee data retention.
