[iiyama ProLite TF1633MSC-B1 computer monitor 39.6 cm \(15.6"\) 1920 x 1080 pixels Full HD Touchscreen Black:](#)

The ProLite TF1633MSC-B1 uses projective capacitive touch technology, built into an eye catching bezel with edge-to-edge glass. The screen guarantees high durability, scratch-resistance, clarity and a perfect picture performance. Featuring IPS Panel Technology and Full HD (1920x1080) resolution, it offers natural, highly accurate colours and wide viewing angles. The integrated cable management system hides all the cables. In addition to the superb image quality, the screen comes with an IP54 rating, which means the screen and bezel is dust and water resistant from the front. A perfect solution for kiosk integrators and Instore Retail.
